# Guidelines for applicants

---

## How to avoid delays

**Please read this section carefully.** We realise that this is an anxious time for applicants, we aim to process your application quickly and efficiently and return a decision as soon as possible. The application process should run smoothly; however delays sometimes occur – most of which can be easily avoided by following the procedures below.

---

- **Check that you have filled in all the relevant sections on both sides of the form.** If any necessary information is omitted this will slow down the application process (eg programme code/title).
  - **Make sure that your email address is written clearly** as we will use this to contact you. Past experience shows that free email accounts can be unreliable – please ensure you provide a valid email account and check your account regularly.
  - **If you are using a Hotmail or Yahoo email account** our acknowledgement email, and other database driven email, may automatically be directed into your Junk Mail folder. To avoid this happening you will need to add our domain name (lse.ac.uk) to your safe list or add our address to your contact list in order to receive future emails from us. Your Junk Mail folder will also empty itself every seven days.
  - **Send the supporting documentation with your application form or as soon afterwards as you can.** Your application will not be considered without all documentation under any circumstances. *If you can send all your documents to us in one package, unnecessary delay will be avoided.* Make sure that documents bear your name and your date of birth **as it appears on your application.**
  - **The Graduate Admissions Office deals with all application correspondence.** Do not send any documents to the academic department – they must be processed centrally before they can be matched to your application. Academic departments cannot answer individual telephone/email queries from applicants.
  - **Ensure that you send your application fee with your application form.** Your application will not be processed until the application fee is received. Check the prospectus for methods of payment. If you are paying by credit card, make sure you have sufficient funds for the fee to be paid and that all required details are included on the form.
  - **Supply two academic references and a transcript of your marks** – these are **mandatory** requirements. Even if you are currently working we will **not** accept professional references instead of these items. The only exception is if you have been out of education since January 2002, in which case we will accept one professional reference **in addition to** one academic reference. Please note that it is your responsibility to obtain these references and forward them to the Graduate Admissions Office. If your university does not issue transcripts, we require **detailed** information about your marks from one or both of your referees. Without these items your file will not be considered.
  - **Supply all documentation in English.** If your transcript and/or references are not in English, we must receive official independent translations bearing the stamp/signature of the translator as well as the original documents. We do not accept unofficial translations.
  - **Check specific programme requirements.** Certain programmes have additional entry requirements which must also be fulfilled before your application can be considered eg a research proposal, GRE/GMAT etc. Please check the relevant programme section in the prospectus before completing the application form. Your application will not be considered until all the required documents have been received. Ensure your research proposal (if required) is sufficiently detailed and clearly labelled.
  - **Many scholarships have early deadlines** – to ensure you receive a decision from LSE in time to apply for a scholarship **APPLY EARLY**. Late applications are more likely to be subject to processing delays.
  - **Retain a photocopy of your entire application form.**
- 

## The progress of your application

---

- **Once your application form is processed, we will email an individual ID number to the address you have given us.** PLEASE MAKE A NOTE OF THIS NUMBER AND QUOTE IT IN ALL CORRESPONDENCE. You can use this number to check the up-to-date status of your application at [www.lse.ac.uk/collections/graduateAdmissions/apply/trackYourApplication.htm](http://www.lse.ac.uk/collections/graduateAdmissions/apply/trackYourApplication.htm) and via the automated telephone system on +44 (0)20 7955 7160.
  - **The first decisions will be made in January 2007. After this date we aim to release decisions for all taught master's programmes within eight weeks of your completed file reaching the selector.** We will communicate decisions to you as soon as we have them – no information about your decision will be available until it is posted on the web. At busy times decisions take longer to process – the best way to receive a quick decision is to apply early. **Information regarding the decision will be available earliest on the website.** Decisions are not authoritative until confirmed by an official letter.
  - **To provide further information, or to make changes to your application,** please see the online forms provided at [www.lse.ac.uk/collections/graduateAdmissions/howDoI](http://www.lse.ac.uk/collections/graduateAdmissions/howDoI)
  - **All documents, including faxes, are date stamped on arrival in the Graduate Admissions Office** and dealt with sequentially. We aim to process all documents and enquiries within a week of their arrival in our office, however, at busy times this is not always possible. If there are operational delays this information will be posted on our website – [www.lse.ac.uk/collections/graduateAdmissions](http://www.lse.ac.uk/collections/graduateAdmissions)
  - **Once a programme is full the selectors will no longer consider applications** – this applies to new applications and those where missing documentation has only just been received. Applying early and providing all the necessary information and documentation is therefore strongly advisable. Visit [www.lse.ac.uk/collections/graduateAdmissions/apply/availabilityOfProgrammes2007-8.htm](http://www.lse.ac.uk/collections/graduateAdmissions/apply/availabilityOfProgrammes2007-8.htm) for up-to-date information regarding programme availability.
  - **If you have any queries,** please check the regularly updated information at [www.lse.ac.uk/collections/graduateAdmissions](http://www.lse.ac.uk/collections/graduateAdmissions). If you cannot find the answer to your question here, you may contact us by using the email template at [www.lse.ac.uk/admissionsenquiries](http://www.lse.ac.uk/admissionsenquiries)
- 

The Graduate Admissions Office provides the best standards of customer service possible. We receive correspondence relating to over 30,000 programme applications every year, for just 3,500 places. We have provided online resources to enable you to keep track of your application – please use these wherever possible as in the majority of cases this will provide the quickest and most accurate answer to any questions you may have. If you cannot find the answer you require, you may contact us directly and we will endeavour to help you as soon as we can.

Good luck with your application

## Declaration of criminal conviction

To help LSE reduce the risk of harm or injury to our students caused by the criminal behaviour of other students, we must know about any relevant criminal convictions that an applicant has. Relevant criminal convictions are **only** those convictions for offences against the person, whether of a violent or a sexual nature, and convictions for offences involving unlawfully supplying controlled drugs or substances where the conviction concerns commercial drug dealing or trafficking. Convictions that are spent (as defined by the Rehabilitation of Offenders Act 1974) are not considered to be relevant and you should not reveal them. For further information

about this subject see the Graduate Admissions website – [www.lse.ac.uk/collections/graduateAdmissions/criminalconvictions.htm](http://www.lse.ac.uk/collections/graduateAdmissions/criminalconvictions.htm). Please note that consideration of criminal convictions is separate to the assessment of your academic suitability.

Have you had a criminal conviction?
